🛡️ BITPAY TOKEN (BPY) - URGENT SECURITY AND LIQUIDITY FUND CALL

1. Our Commitment to Trust

We deeply appreciate the support from our early investors and followers. The BitPay Token team has successfully completed the **Contract Verification on BscScan**, ensuring full transparency of the code.

However, since the initial launch was experimental, the liquidity (the BNB backing BPY on PancakeSwap) **IS NOT LOCKED**. This represents a **100% Rug Pull Risk** in the eyes of the community and auditing systems, which is currently hindering BPY's growth.

The Solution is Security!

To protect your investment, the absolute priority is to eliminate this risk and stabilize the price. This can only be achieved by **LOCKING THE LP TOKEN**.

2. Fundraising Goal: 0.1 BNB

We are calling upon the community to contribute to the **Security and Liquidity Fund**.

Concept	Estimated Cost (BNB)	Notes
Mudra Locker Service Fee	0.02 BNB	Covers the platform's security for 6 months.
Gas and Contingencies	0.01 BNB	For injection and locking transactions.
Minimum Liquidity Reserve	0.07 BNB	This additional BNB will be injected to provide a safety cushion for the pool and reduce slippage.
Total Goal	0.1 BNB	(Approximately 108 USD, subject to BNB price)

➡️ Official Contribution Address (BNB Smart Chain - BEP20)

To ensure immediacy and transparency, all contributions must be sent to the project's official treasury wallet:

IMPORTANT: ONLY accept **BNB** on the **BNB Smart Chain (BEP20)** network.

Contribution Address (MetaMask, Trust Wallet, etc.):

0x5d3200759146d390AA9FBbACCCB9E86627C32CD0

3. 100% Transparency Commitment

IMMEDIATE PROMISES UPON REACHING 0.1 BNB:

1. **Immediate Injection and Locking:** 100% of the raised BNB (minus the locker fee and gas) will be injected along with the remaining BPY to create the LP Token.
2. **6-Month LP Lock:** The resulting LP Token will be **LOCKED** immediately on Mudra Locker for a period of **180 days**.
3. **Public Proof:** The locking verification link will be published on our website and social media within 24 hours.

We appreciate your participation in securing BPY. This step will transform us into an auditable and trustworthy project.
